## President's Message

Some things change and some stay the same. Well, the latter is true for MISGA leadership in 2024. At the year-end Board meeting a by-law change was made setting the term for President and VP to 2 years. Bottom line you are stuck with me for another year; or I'm stuck with you depending on one's vantage point. Historically, for those who care, there was one other instance of a MISGA President having successive terms. Al Hagen, our 1st, served five years! Insanity must have been rampant back in the 70's !!

Although Paul Bate remains as VP and George Blair enters year 2 as Treasurer one thing did change. Chuck Woods graciously stepped into the Secretary position. Well, there might have been a little arm twisting but Chuck is fine. He replaces Mike Olson who deserves our thanks and gratitude for his service. Mike has moved onto greener pastures in Baltimore. Did I really just say that. Anyway, I am humbled to continue in the leadership position of this fine longstanding organization and will do my best to keep it moving forward.

Fortunately, this year I was not stressed with finding several new committee chairs like last. Thanks to all for remaining in their spots. The one change was Jake Jacobi acquiescing to my plea to chair Policy & Planning since as promised we honored his one-year Div II Director term. Doug Walters has assumed the forementioned Director spot. Welcome Doug.

Other highlights on the MISGA front revolved around volunteerism and the difficulty of finding club reps which subsequently has ramifications in many ways. This was evidenced by the loss of 2 clubs, Norbeck and Eagles Nest. Both dropped because they had no willing rep. While not a huge impact in # of active associates, it does reduce our away options. Please consider saying yes if ever asked at your club so MISGA doesn't continue the way of the dinosaur.

## The Lighter Side

## President's Message, *continued*

Another topic that came up was consideration of realignment of divisions for better geographic organization and more importantly balance in associate #s. This was tabled and put on the Spring Board Meeting agenda under Old Business. Speaking of which, that and the Annual Rep Meeting will be March 26, 2024 @ Prospect Bay.

The challenge for MISGA continues to be retaining members and trying to recruit new ones. We all can do our part in that by relaying the good times we've had, the friends we've made and talking it up to prospective members. Besides those benefits, less time home can keep one out of trouble with the Mrs.!

Another issue for MISGA is the pricing. We cannot do much about what things cost and the rising price of our mixers; but, we can do things to add value to the mixers. Last year at Prospect we varied menus, used different formats, added individual awards, used live scoring, etc. to add value. I encourage club reps to similarly be creative for your events and give 'em the best bang for the buck you can. That will keep them coming back and more likely to spread the word; in turn helping MISGA to grow.

I'd also like to take a minute to emphasize that everyone is a guest when they go to an away MISGA, and we need to be respectful. There were a couple of incidents in 2023 of disrespect at events that were handled but, let's do our best to make that none in 2024!

Well guys, Grandma always told me: say your piece, keep it short, make it count and then shut up ! I think I've reached that point. So stay well, play well and Happy Holidays, or New Year depending when this actually publishes.
